

# Scripts for Contacting Names from a Booth!

\*\* I save these scripts in my phone as shortcuts on the keyboard! It makes the process of contacting them quicker and you don't have to recreate the text each time you do a booth! \*\*

## Initial Text Script:

- Hey Rachel! I just did the drawing from yesterday's \_\_\_\_\_ (enter event name) and your name was chosen! Hooray!!! 😊 (This is Jen Nitsche with MK) 😊 😊

## Follow up Text for after they respond asking what they won:

- Awesome! You won a \$10 gift certificate that is redeemable at a complimentary make over with me! Yayyyy!!!! You can use your gift certificate for whatever products you want! R u free during the day or would you need an evening appt?

## After appointment is booked I close with this text:

- Great! You can also have a friend or 2 join you if you like! 😊 I'll text you the day before to confirm! 😊 😊
